FOTOGRAFIE FORUM FRANKFURT

The Fotografie Forum Frankfurt (FFF) is a unique centre, which exhibits photographic art of the highest quality and promotes its importance as a universal visual language. Since it's founding in 1984 the FFF strives to incorporate all aspects of photography and to provide a platform for critical dialog. Through a wide-ranging program of exhibitions, publications, workshops, lectures and symposiums, the ever evolving and classic interpretations of the photographic medium are highlighted. Emphasis is also placed upon premiering photographers work in Germany whether it be from international or national image-makers, one-person shows of historical and contemporary icons to intriguing group collections of international emerging talents.

In the fall of 2013 the Fotografie Forum Frankfurt will move into its new exhibition space in the Braubachstrasse 30-32 in the heart of Frankfurt's contemporary arts district. Typically 4-8 exhibitions are shown annually. Here the Fotografie Forum Frankfurt Summer Academy will also acquire more space to provide intensive experimentation and learning with exceptional international photographers and media related specialists.

As the official organizational partner of RAY, Photography Projects Frankfurt Rhine Main, the Fotografie Forum Frankfurt coordinates a Triennial dedicated to international photographic arts with other key exhibition partners and collections of the region. The next edition, RAY 2015 which is sponsored by the Kulturfond Rhein Main will open in April, 2015.

The FFF is a non-profit organisation and is supported through its members, entrance fees, book and print sales, the City of Frankfurt am Main and sponsors.

Celina Lunsford is the Artistic Director and Sabine Seitz is the Managing Director.
